VOLUME CVIII.--NO. 183. ALEXANDRIA, VA., FRIDAY EVENING, AUGUST 2, 1907. PRICE 2 CENTS.

Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional indorsement of each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath.

In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It *will* often *prevent* them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent *free* on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

Constipation

Baked sweet apples, with some people, bring prompt relief for Constipation. With others, coarse all-wheat bread will have the same effect. Nature undoubtedly has a vegetable remedy to relieve every ailment known to man, if physicians can but find Nature's way to health. And this is strikingly true with regard to Constipation.

The bark of a certain tree in California—Cascara Sagrada—offers a most excellent aid to this end. But, combined with Egyptian Senna, Slippery Elm Bark, Solid Extract of Prunes, etc., this same Cascara bark is given its greatest possible power to correct constipation. A toothsome Candy Tablet, called Lax-ets, is now made at the Dr. Shoop Laboratories, from this ingenuous and most effective prescription. Its effect on Constipation, Biliousness, Sour Stomach, Bad Breath, Sallow Complexion, etc., is indeed prompt and satisfying.

No griping, no unpleasant after effects are experienced, and Lax-ets are put up in beautiful lithographed metal boxes at 5 cents and 25 cents per box.

For something new, nice, economical and effective, try a box of

ANOTHER FOUL MURDER.

"The graveyard," as the foreign-populated neighborhood on First avenue between Thirteenth and Fourteenth streets, New York, is known locally, gave up yesterday a fresh crime, rivaling in atrocity the mysterious butcheries of last week. The latest discovered victim was an eight-year- old girl, and like the two young women murdered, she had been shockingly mistreated before death and the body mutilated when life was extinct.

The three murders are strikingly similar. Last Thursday night a woman was strangled in a Twenty-second street boarding house. The next morning the body of another unidentified woman, who had been choked to death, was found in an areaway in east Ninetieth street. Kate Pritschler, daughter of a restaurant waiter, disappeared a week ago yesterday and was killed that night. A ribbon placed about the throat and drawn so tightly that it cut the flesh showed how she died. Her body was found yesterday.

If the brutality of the murders can be qualified, that of the Pritschler girl ranks first. She was assaulted, murdered and then her lifeless form was horribly mutilated.

Carl Pritschler, the father of Katie, is a hard-working, respectable citizen. He has several other children, all younger than Katie. The girl left home, at 349 east Thirteenth street, last Thursday night to play in the street. When she failed to return the father notified the police and a general alarm was sent out. The body was yesterday discovered within a block of her home. How the body could have remained undiscovered for a week is not explained.

The girl's body was stumbled upon by a woman who visited the basement of the house at 203 First avenue. It lay upon a berry crate, with seemingly no effort at concealment.

At the coroner's direction, Gaetano Rippolano, whose cobbler shop adjoins the girl's home, was arrested and asked to explain his absence from his shop on last Friday. He established the fact that he had spent the day at Bristol, Ct. The girl is said to have frequented Rippolano's place, and a search of the shop brought to light a man's shirt which bore red stains. The cobbler was arranged and remanded to the coroner.

When news of the finding of the little girl's body spread through the neighborhood excitement rose to such a pitch that the removal of the body and the arrest of Rippolano caused almost a riot.

MINERS ARMED.

The ore strike situation in Minnesota is most critical.

A false step or a hasty move may precipitate violence and bloodshed on the range. The strikers have been worked up to a fever of excitement by agitators, and scenes of riot and disorder may come at any moment.

Winchesters are seen everywhere. The strikers are arming themselves, and hundreds of special deputies are on the ground acting under Sheriff Bates. The company is doing everything in its power to avert trouble, and the head officers on the ground have placed themselves under the sheriff's orders.

The Western Federation leader has ordered the men to arm themselves and be prepared to strike to kill. He said he did not care how many of them were killed for the cause, and urged them to fight to the last.

Remedy for Diarrhoea. Never Known to Fail.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not saying too much for the best remedy of the kind in the world."—S. JEMISON, Spring Grove York county, Pa. This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

TWENTY-EIGHT CALL HIM "DAD."

Rev. Abraham C. Ruebush, a one-legged Confederate veteran, in charge of a Methodist church at Port Lavaca, Tex., is the father of 12 boys and 16 girls, baby No. 28 having just arrived. Ruebush, who comes from Virginia stock and believes is large American families, is now 65 years of age, and has had two wives. His first wife, now deceased, was Miss Angelina M. Davis, of Augusta county, Va., who bore him six boys and seven girls. His second wife was Miss Anne G. Adams, a Louisiana girl, who is now 47 years old and the mother of six boys and nine girls.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher, of Grovertown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, AUGUST 2, 1907.

KOREA has, from present appearances, met the fate of Poland. It is no longer an independent country, but is now subject to the Mikado of Japan who has appropriated it to himself against the protest of the representatives of the hermit empire as well as most of the rank and file of that nation. This absorption has been carried on, too, while a so-called peace conference is in session at The Hague. Japan has almost impoverished herself in conducting two wars in one decade. After her conflict with China she failed to acquire an inch of territory, and by the terms of the treaty of Portsmouth the Mikado was not allowed to extend his domains at the expense of Russia or China. Now, after the sword has been returned to the scabbard and peace prevails in the East, a diplomatic attack is made by the Mikado upon a friendly and peace-loving kingdom, the people of which are told to stand aside and let the island empire rule them in future. Many observing people are inclined to think that Japan's prominence will prove meteorlike; that the nation is intoxicated by reason of recent successes, and that the country is liable to bite off eventually more than it can chew. The Mikado will for a time have his hands full in keeping the Koreans in subjection, while his country is laboring under an enormous national debt with its financial condition giving apprehension. These things, however, may prove beneficial to the world, as they, in a measure, will bind the Mikado over to keep the peace and deter the Japanese from becoming too mischievous.

CONGRESSMAN JENKINS, of Wisconsin, chairman of the judiciary committee of the House of Representatives, has issued a statement relative to the North Carolina railroad rate imbroglio. He says there has never been any event since the civil war that calls for so severe condemnation as the recent senseless tirade on behalf of States against the nation. He adds that it is humiliating that the matter has been compromised and that the nation has to some extent surrendered. The Congressman strangely talks of another civil war, but cautiously uses the subjunctive mood. The southern country has patiently suffered much during the past forty years from military despotism, carpetbag rule and the insolence of negro allies of political adventurers, but in the midst of all the people of this section have been called upon to endure they have generally possessed their souls in patience and proven to be law-abiding and submissive. The clash between State and federal courts is by no means as serious an issue as that of thirty years ago when the South was compelled to witness the most colossal injustice ever practiced upon a people theoretically free. There was no disunion sentiment when the late Rutherford B. Hayes, a defeated republican candidate for the presidency, was counted in, nor is there likely to be disruption should the spirit of centralization of power be dominant in the railroad issue.

A DISPATCH from Big Stone Gap, published in yesterday's Gazette, told of the arrest of James W. Ayers, on the charge of stealing whisky. The young man is a son of a former Attorney General of this State, who is now a prospective candidate for Governor. This is another of the many sad incidents in the lives of prominent men since the dawn of history. Adam had a Cain to add to the afflictions incident to his expulsion from Eden; Eli's dissolute sons were skeletons in his closet and added sorrow to the evening of his life, and David had his Absalom. During the past few years the sons of many prominent men in this country seem to have gone to extremes in bringing as much sorrow as possible to those who, unfortunately, are allied to them by blood relationship. Such conduct is cruel on the part of progeny even in cases where their sires are not prominent in a city, State or nation, but sons of ministers or prominent public men too often cause vicarious suffering by their thoughtless acts which the reproductive power of the memory will cause them to reflect upon in their more mature years when long-suffering parents shall have laid down the burdens of life.

THAT ALL mothers-in-law are not looked upon as domestic terrors is evident from the fact that Eugene C. Mathivet, a wealthy attorney of Cleveland, Ohio, has begun action in the Probate Court of that city to enforce his mother-in-law's return. He resorted to an action in habeas corpus, claiming that his mother-in-law, Mrs. Bessie R. Robinson, had been persuaded to leave him and was being forcibly restrained from returning. He named Mrs. D. B. Strickler, a neighbor, as being responsible for Mrs. Robinson's absence. All of the persons named reside in a fashionable neighborhood and are well to do. Mathivet claims that the absence of his mother-in-law made him lonesome.

ASSERTING that one of the wisest means of preventing a curtailment in the production of iron and steel by such labor difficulties as have occurred in the Lake Superior district lies in the further development of all the iron-making districts of this country, Joseph H. Hoadley, president of the Alabama Consolidated Coal & Iron Co., maintains that too great dependence should not be placed by the iron and steel makers in the near future upon any one section as a source of supply. In the southern section of the country, and especially in Alabama, there is an immense body of ore, and the comparatively limited development, in contrast with the magnitude of the operations in the Lake district, seems to Mr. Hoadley a grave mistake. He believes that the larger the development in the ore fields of the South the safer will be the whole business structure in iron and steel and all other industries in America. And in this belief he is eminently right.

IT IS said that William S. Taylor, former governor of Kentucky, who is under indictment for complicity in the murder of Senator Goebel of Kentucky, and who has been protected from extradition by Indiana authorities for the past eight years, does not look kindly upon the promise of immunity from the Kentucky authorities if he will go to that State and testify in the trial of Caleb Powers. Taylor, though he was illegally occupying the chair of governor of Kentucky at the time of the murder of the rightful governor, Goebel, fled the State and sought shelter in Indiana, thus tacitly admitting that he was implicated in the murder. The wicked flee when no man pursueth.

IT IS reported from Richmond that the calling of a special session of the general assembly of Virginia is in contemplation by Gov. Swanson in regard to the passenger rate case. It is hoped not. Better bear the ills we have than fly to others we know not of. A new legislature will meet in five months and that will be time enough to further consider the railroad rate matters.

POLICE JUSTICE Crutchfield, of Richmond, will have about 150 of the leading business men of that city before him for their failure to get licenses for transacting business. This seems to be a common failing in the State.

MISSISSIPPI made no mistake yesterday when she elected John Sharp Williams, a United States Senator. He is a scholar and a statesman.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, Aug. 2.

Senator H. A. DuPont, and other leading members of the DuPont family may eventually have to defend themselves from criminal prosecution. In its preparation of the action for a dissolution of the powder trust, the government is known to have intentionally refrained from examining the Senator and other leading members of the great corporation so they could not raise the point that they had taken an "immunity bath." Officials of the Department of Justice will not discuss at this time the criminal phase of the case. The government has great interest in the powder trust, being one of its largest customers. Although it has carefully concealed this interest in the bill recently filed at Wilmington, Del., it is said upon good authority that the prosecution against the individuals will be pushed with relentless vigor, and that they will be punished civilly and criminally if sufficient law can be found to cover the case.

The people of this town will soon have the opportunity of seeing a real live polygamous prince of the Philippines. Sansaluns, head of the Moros and son of the late Datto Ali, who was killed while fighting against American troops in the Moro country, has engaged quarters at a local hotel. He will come here from the Jamestown Exposition and will be accompanied, it is said, by his four wives.

No information is to be had at either the State Department or Japanese embassy confirmatory of the cabled report from Berlin to the effect that Viscount Aoki, the Japanese ambassador to the United States, is to be transferred to Berlin.

The disturbance at Casablanca, in Morocco, is believed here to be merely a display of anti-foreign feeling. United States Minister Gummere, at Tangier has cabled to the State Department, confirming the press dispatches that the wild tribes from the hills killed five Frenchmen, two Spaniards and one Italian besides wounding others.

The Comptroller of the Currency has authorized the reopening of the doors of the Hicksville, O., First National Bank, which was placed in the hands of a receiver July 2. Its capital stock has been fully restored.

C. & O. CONTROLS WHITE SULPHUR.

It is reported that a syndicate made up of men influential in the affairs of the C. & O. railway, have bought White Sulphur Springs, and will make it one of the best summer resorts in the world—a position it occupied years ago. The manager has given out the information that this is the last season it will be operated by the present owners. The building is part frame. The wood will be torn away and replaced with brick and made much larger. It is thought the work will commence immediately at the close of the season. It is said that the Chesapeake and Ohio has bought the Greenbrier and Iron Mountain railway and will connect it with their Hot Springs branch.—[Charlottesville Progress.

Maywood to be Drawn by White Horses

Denver, Col., Aug. 2.—Six snow-white horses have been engaged by the labor unions of this city to draw the carriage which will take Wm. D. Haywood from Union station to his hotel tomorrow. It is said that 5,0000 people will join in a great welcome reception to the Secretary-Treasurer of the Western Federation of Miners as the result of his acquittal of the charge of conspiring to murder former Governor Steunenburg, of Idaho.

News of the Day.

David Christie Murray, the novelist and playwright, died in London yesterday. He was born in 1847.

Loss of over $100,000 was caused by the fire which early today destroyed the extensive plant of the Cummingham Iron Company, manufacturers of boilers, in South Boston.

District troops annihilated a Greek band at Kastoria, European Turkey, killing 40 of the men and capturing 9. The ringleaders of the band that captured Robert Abbott from his father's home, in Saloniks, were captured.

In an effort to make his 2,000-acre park like a fairyland, with gushing fountains, cascades and beautiful lakes, for his bride during a honeymoon, James B. Duke, president of the American Tobacco Company, pumped the Raritan river nearly dry at Somerville.

E. F. Richardson has been dismissed as counsel in the defense of the officers of the Western Federation of Miners. In announcing his withdrawal, Richardson bitterly attacked what he termed Darrow's socialistic methods, and declared he could not work with Darrow.

Dr. William Travis Howard, one of the most renowned gynecologists in the country, for forty-one years an eminent practicing physician of Baltimore, died Wednesday morning of ptomaine poisoning at the Massasoit Hotel, Narragansett Pier. He was born in Cumberland county, Va., January 12, 1821.

The revised regulations of the Treasury Department governing the sale of cigarettes went into effect yesterday. The trust and other manufactures are now required to make oath that they have not "entered into nor will enter into any written or oral agreement with any person or persons or firms by which they will have exclusive sale of such cigarettes."

Joseph F. Johnston was yesterday unanimously nominated in joint caucus of the democrats of the two Alabama houses composing all but two of the entire membership of its legislature to succeed Senator Pettus in the United States Senate, his time to run to 1908. Mr. Johnston was twice governor of the State and once ran against the late Senator Morgan for the Senate.

Charged with the murder of Mrs. Pet Gandy Magill, Fred. H. Magill and his second wife, Faye Graham Magill, were late yesterday afternoon indicted by the DeWitt county, Ill., special grand jury, called to consider their case. Because of the suspicious statements and actions of Fred. Magill after the death of his first wife, the news of his indictment was no great surprise. But Faye Graham Magill's indictment came as a shock to her relatives and friends.

Robert U. Dick, a lawyer, who once defended Pat Crowe, the alleged kidnapper of Eddie Cudahy, son of millionaire packer of Omaha, was disbarred at cumberland, Md., today by order of the court for alleged unprofessional practices.

OPPOSES PRITCHARD.

Justice Ernest Gray, of the Supreme Court of South Carolina, yesterday in the case of W. G. Geraty against the Atlantic Coast Line Railway Company, delivered an opinion involving states' rights in direct opposition to a recent opinion of Federal Judge J. Pritchard in a similar case.

The case is one for damages against the Atlantic Coast Line for over $2,000. Relying upon the decision of Judge Pritchard in the case of Lee vs. the Atlantic Coast Line, in which it was held that the defendant corporation was not to be considered a domestic corporation of South Carolina, but a Virginia corporation, and properly within the jurisdiction of the United States courts in such cases alleging damages, the railroad contended that the defendant is not a corporation organized under the laws of the State of South Carolina, as alleged in the complaint.

Judge Gary held that this railroad company is a South Carolina corporation. If it is not a domestic corporation, then he holds "the operation of its railroads in South Carolina is unlawful.

Judge Gary holds that the Atlantic Coast Line Company was formed by merger subsequent to the enactment of the constitution of 1905, and, therefore, is operating in this State under a charter given by the State; that, otherwise, it is a trespasser and has no right within the State. He declares a "domesticated corporation" to be a foreign corporation, which has become practically the same as a domestic corporation, and insists that the laws of the State apply equally.

Upholding the rights of the individual States against the encroachment on these rights by federal legislation, Governor Hanly, of Indiana, in a speech delivered at Elkhart to the Chautaqua Assembly Wednesday, took occasion to speak for conservatism in dealing with the problems of the country. It is thought most of them were problems that the State could solve without the intervention and help of the national government, and he deprecated the reaching out of the federal arm into purely State matters.

Arraigning the present immigration laws and declaring Congress to be an Auguan stable in need of a Hercules to clean it, John R. Dos Passos yesterday wound up the session of the Virginia State Bar Association, on the Jamestown Exposition grounds, with a brilliant speech. Mr. Dos Passos said that the immigration laws had taken away much if not all of the prestige and honor which formerly attached to American citizenship. He advocated citizenship for aliens without sufferage.

WILLIAMS LEADS.

Reports on the primary elections in Mississippi received up to a late hour last night indicate the choice of John Sharp Williams for Senator, with indications, however, that Gov. Vardaman is making gains in the southern counties.

Of the 79 counties, Vardaman claims to have carried 37, while Williams claims a majority of from 20,000, to 30,000. At Jackson, both headquarters claim the victory, Williams by 30,000, and Vardaman by 10,000.

Scattered returns from the delta counties and the eastern section of Mississippi show Williams leading Vardaman by a precentage of 3 to 1.

Conservative estimates made at Jackson upon the basis of the results so far received place Williams' probably majority at 15,000.

Not less than 110,000 democratic ballots were polled in the primaries, which were held to nominee a Senator and two gubernatorial candidates for the second primary.

The nomination by yesterday's primaries is equivalent to election. Vardaman as yet concedes nothing.

Mr. Williams was born July 30, 1854, in Memphis, Tenn. His mother died when he was a mere child, and his father was killed at the battle of Shiloh. After spending a number of years in the best Southern schools he entered the University of Heidelberg, Germany, and on graduating from that institution took a law course at the University of Virginia. He left the university having completed his course, in 1875, and entered at once in the practice of law. He was elected to Congress from the Fifth Mississippi district in 1893, and his service in the house has since been continuous. He was the democratic leader in the House in the Fifth-eighth and Fifty-ninth Congresses.

KILLED BY A CABMAN.

After a row over cab fares, Fireman Walsh, of the battle ship Maine, was killed; Chief Master-at-arms T. J. Maddox, of the same ship, was mortally wounded, and Chief Baker Ackerman, also of the Maine, was seriously hurt by Fred Guiterrez, a cab driver, in Phoebus Va., about 10 o'clock last night. Guiterrez was arrested.

Walsh, Maddox, and Ackermain had employed Guiterrez to drive a shipmate, C. J. McCarthy, who had been hurt in a fight Wednesday night, to Old Point. When the cab, with the three sailors, reached the corner of Hope and Mallery streets, Guiterrez stopped and demanded his money. An argument ensued. The driver drew a stiletto and began cutting right and and left. The sailors fled into the Palace Hotel, directly across the street, pursued by the driver. In the rear of the hotel bar the sailors halted, cornered, and there the deadly cutting was done before bystanders could interfere.

When the mad driver finally was subdued, Walsh was dead, with his throat cut and half a dozen stab wounds about his body. Maddux was cut in several places, one deep stab wound being directly over the heart, and Ackerman was suffering from an ugly tearing stab on the upper left arm and other less serious cuts on the body. Guiterrez was about half drunk.

CONFERENCE ASKED.

In a last endeavor to arrive at an amicable adjustment of the labor war that has been agitating Washington for the past year a meeting of representatives of labor organizations which are fighting the "open shop" was held in that city yesterday. President Gompers and Secretary Morrison, of the American Federation of Labor; the committee of ten of the Central Labor Union, and the Building Trades Mechanics' Council were present at the meeting. As a result of the meeting, a letter was forwarded to the employers' association of the building trades, requesting a conference at the earliest possible date. It was stated that this conference was asked for the reason that the international organizations of the trades involved in the fight wished to confer and go over the situation with the employers' association before taking any action whatsoever, and that drastic action would be postponed until after this conference, or until after it has been refused.

The loss by last night's fire at the Valvoline Oil Company's plant at Edgewater, N. J., is now placed at $250,000.

Today's Telegraphic News.

Conditions in Morocco.

Tangier Morocco, Aug. 2.—With 20,000 Moroccans in camp about Casablanca, the town is now virtually in control of the native christians, who, considerably alarmed by the prospect of severe punishment for their massacre of Europeans, are endeavoring to treat with the French authorities.

The whole French colony has taken refuge on the British steamship Demetian in the harbor and is awaiting transhipment to the French warship.

The Moroccans did their best to prevent Europeans from leaving town, hoping thereby to avoid bombardment by warships in the harbor.

In an effort to placate European resentment they have dismissed the native governor, who was severely criticized by foreigners for his delay in taking active steps to protects European residents and who had been warned by the French authorities that his own life would be forfeited if disorders occur. The custom house, however, is in the hands of the Moors, who have set up a kind of provincial government of their own. There is a strong probility of further fighting soon.

Paris, Aug. 2.—Combined action of the powers against Morocco will probably be the outcome of the attempt to start a holy war to drive out all foreigners and the outbreak at Casablanca in which at least 12 Europeans are known to have been killed.

An inspired note made public today states that there has been exchange of notes between France, Italy and Spain, whose subjects were the victims of the Casablanca outrage, resulting in a complete understanding, the three governments agreeing upon the necessity not only of avenging the murders, but to definitely restore order throughout Morocco.

It is also agreed to draw up conjointly a clearly defined and resolute plan of action in which it is hoped England will join and to which Germany's neutrality is regarded assurred.

Marseilles, France, Aug. 2.—One German was among the victims killed by Moorish natives in the attack on Casablanca this week, according to a telegram just received here from Tangier. The killing of the German may give a different international aspect to the Moroccan affair. It is believed that if a German subject was killed Germany will now be as anxious as other nations to punish the rebellious natives.

A late message from Casablanca says the new governor has promised the consuls he will do his utmost to restore order and protect all residents.

The Moorish government has admitted to the charge d' affaires its inability to quell the rebellious natives.

The Subjugation of Korea.

Seoul, Aug. 2.—Having disarmed the Korean army, though not without desperate fighting and heavy losses on both sides, the Japanese troops have restored a measure of order in Seoul and are busy now with wholesale arrests of Koreans. Officials of the former Emperor's household are in custody almost to a man, the Japanese charging that they were responsible for the fighting and that a plot existed among them to release the deposed Emperor.

About sixty Koreans were killed in the fighting which preceded the disarmament. The Japanese losses are given at approximately forty men.

Rioting and street fighting were resumed at daybreak today. A demand by Japanese cavalry at the little West Gate barracks for the surrender of the Korean soldiers' supplies started trouble. The Koreans were finally driven into their quarters by a heavy fire from the tower gate.

Machine guns were then brought into play and General Okaziki with reinforcements invested all the buildings.

Three more Korean garrisons are still to be deprived of their munitions. Serious fighting is expected to follow demands for its surrender.

Today a guard of Japanese was thrown about the American consulate.

Excursionists Fight.

Berlin, Aug. 2.—Friction between English and American tourists and German excursionists, culminating in a fist fight between two of the belligerents and threats to kill marred the cruise of the steamer Oceana, just returned from a voyage to Scandanavia. According to the captain of the steamer he was compelled to expell R. H. Hood and wife of New York. Hood and a German had a personal encounter which led to the Americans being set ashore, although American voyagers declare the German was the aggressor. Passengers of English and American nationality are vigorous in denouncing the action of the captain. They say he refused to return Hood's passage money when he was forced to leave the steamer. Trouble started when Pickins insulted Mrs. Hood at dinner. The American avenged the insult by knocking the German down. Pickins in great anger challenged Hood to a duel with swords or pistols. Hood scorned this offer, but announced his willingness to settle the score with bare fists. There upon the German proclaimed Hood a coward and threatened to "shoot him like a dog." When Hood replied that he was able to take care of himself and would certainly shoot if attacked the captain ordered him ashore at the next stopping place.

Suspected of Murder of Girl.

New York, Aug. 2,—Anna Messener, a women of many aliases, was held with out bail today on suspicion of complicity in the most diabolical crime in the rapidly increasing list of fiendish murders of girl children that has astounded this outraged community. Gateno Rippolone and Guiseppe Brondant, Italian cobblers who lived next door to the child's home, and a mulatto named Myron L. Carter are also being held without bail. The Messner woman formerly occupied a room at the home of the little girl. The Tieschlers evicted her and she swore vengeance. She found quarters in the tenement where the mutilated body was discovered, and her actions quickly aroused suspicion. She was intimate with the cobblers and often visited their shop.

Three Men Killed on Training Ship.

Toulon, France, Aug. 2.—Three lives were lost and several persons were injured today in an accident on the French training ship Couronne. A cannon broke loose during a practice drill and caused the casualties.

New York's Crime Wave.

New York, Aug. 2.—Murders, outrages, arson, degeneracy, fiendish atrocities, burglary, robbery, assassination and every form of crime, culminating in the killing of little Katie Kitschler by an inhuman brute, make up the greatest crime wave in modern history which today holds New York in a state of terror.

Fathers fear not go to business and mothers dare not take their eyes off their children. The police department has failed utterly to meet the crisis and one official, who dared not speak for publication today, said he believed the outrages would continue to increase until the state or federal authorities stepped in and restored order.

The most horrible feature of the great crime wave is the great number of girl children who have fallen victims to fiends. It is estimated that more than 100 women and children have been attacked, assaulted or murdered in Greater New York in the last six weeks.

In addition to these crimes the black hand and the Armenian Hunchakists have terrorized the town. All records for burglary have been far surpassed and robbery and arson have been more frequent than ever before in the history of the city.

Captured in the act of seizing an eight-year-old girl by the throat after first knocking her down Carl Nelson, a sailor was beaten nearly to death today by a mob and was rescued by the police only after they drew their revolvers and threatened to shoot into the crowd.

The W. A. & Mt. V. Ry Brings Suit.

Philadelphia, Pa. Aug. 2.—Equity proceedings were begun in the United States Court today by the Washington Alexandria and Mount Vernon Railway Company which operates an electric line between Washington, D. C., and Mount Vernon, Va., against the Real Estate Trust Company of this city, asking that the Trust Company be restrained from selling or dealing in certain of its bonds or from bringing any suit upon these bonds or coupons which it is claimed should have been cancelled by President Frank K. Hipple, who committed suicide when the insolvent condition of the bank became known, and who instead of doing so, manipulated them for his own personal gains. The complainant states that it has demanded a certificate that the bond issues dated July 1, 1892, and August 1, 1895, have been cancelled, but that the trust company has refused to comply, holding the bond as collateral for the two notes mentioned.

Strike Imminent.

Belfast, Ireland, Aug. 2.—The strike situation today is at its most critical point since the trouble began. The police have not yet made known their intentions following the refusal of their demand for additional pay for the extra work required of them. It is generally feared, however, they will carry out their threat to join the strikers.

The dismissal of Constable Barrett has only made other officers more determined to insist on their demand. A new grave development today is the ultimatum of mill employers that if the coal men strike the mills will be closed down. This would throw thousands of men out of work and lead to rioting and other disturbances.

Williams Elected.

Jackson, Miss., Aug. 2.—Of John Sharp Williams' selection over Governor Vardaman for the United States Senate there is no longer the least doubt, the question being only the extent of the defeat.

The campaign committee now claims from 10,000 to 11,000 majority for Williams. The surprise of the election was the defeat of Vardaman in his own district.

Returns for governor and other officers are coming in slowly, interest having been centered on the senatorship. It appears that Charles Scott is leading by a plurality of 5,000 to 8,000 with E. P. Noel second and Earl Brewer third.

Revoked Southern Railway License.

Birmingham, Ala., Aug. 2.—Secretary of State Frank N. Julian has revoked the license of the Southern Railway to do buisness in Alabama because of the alleged violation of a law passed by the last legislature, preventing foreign corporations from transferring suits against them from state courts to federal courts. It is charged that the railway secured the transfer of a damage suit in Talladega county.

As the law has been declared unconstitutional by a federal judge, many complications mas arise and it is feared that trouble similar to the North Carolina case may develop.

Believe Bomb was Exploded.

New York, Aug. 2.—Information has reached this port that it was an explosion in the hold of the North German Lloyd liner Kaiser Wilhelm II that caused the death of three men and prevented the vessel from sailing on schedule time.

The news was brought by passengers on the Bremen, sister ship to the Kaiser, which arrived today. Harry Woodruff, an actor, says it is believed in Germany that a bomb was exploded in the hold. At the time it was explained that carelessness in stowing coal had caused the steamer to keel over. A strike has been raging in Bremen.

Outlaws Surrounded.

Cumberland, Md., Aug. 2.—News reached here this afternoon that posses from here and Waynesboro, Pa., have surrounded a band of outlaws in the West Virginia mountains, twelve miles south of here, and a battle is expected at any time. For weeks this section of the country has been terrorized by a band of robbers making it unsafe for any one to venture upon the country roads unguarded. The men are known to be of desperate characters and will not be taken without a fight.

Magill and Wife Indicted for Murder.

Clinton, Aug. 2.—Fred Magill and his bride, Faye Graham Magill, were indicted by the grand jury today on charges of murdering Magill's first wife. Two true bills were returned against each. In the bill against Magill are the following counts: Administering strychnine, administering arsenic, smothering with a blanket, entering a suicide compact and then withdrawing, causing death by some means unknown to the jury.

Anti-Clerical Outbreaks.

Rome, Aug. 2.—Scandals in several of the monasteries throughout Italy have provoked violent anti-clerical outbreaks in many Italian cities, marked by serious rioting and attacks on buildings. Fights ensued in which there were several casualties. More trouble is feared.

New York Stock Market.

New York, Aug. 2.—The market had a firmer tone during the first hour and prices on that period made gains of 1 point more in many of the active issues, and nearly everything traded in showed some advance over yesterday's close. A fractional reaction was caused by movement leaving prices at the end of the hour only slightly above yesterday's close.

SCHOOL BOARD.

At the monthly meeting of the City School Board held last night there were present: Capt. Herbert Bryant, chairman, and Messrs. Thompson, Stabler, Yates, Ramsay, Thomson, Bradshaw, Boothe, Carne, Carter and the superintendent.

Mr. Yates reported that the committee on schoolhouses and furniture had gone over the buildings and had found it necessary to re-roof the janitor's house at Seaton building and Hollowell building; some small repairs had also been made to Hollowell building and to Peabody building, such as whitewashing, &c.; the roof of Peabody building had also been repaired and painted. The committee reported that the appropriation for repairs had been exhausted, but that other repairs should be made and Washington building should be kalsomined and painted; the committee had not gotten estimates for this work, however; the three rooms in the old Academy building had been repaired, but these rooms should be ventilated. The cost for the ventilation would be about $50 and the committee would like to have a further appropriation of $100. The report was received but action on a further appropriation was deferred.

Mr. Thomson from the finance committee reported that the treasurer's account had been gone over and found to be correct.

The city treasurer's annual report of the receipts and expenditures of the board, accompanied by the proper vouchers, was presented by the superintendent who stated that the accounts had been examined by the finance committee and found to be correct. The report was accepted and the clerk was directed to certify to the correctness of the same to the proper authorities in Richmond.

The clerk then submitted his annual report of the receipts and expenditures of the board, showing receipts of $21,707.34 and expenses of $22,233.63, leaving a deficit of $526.29, and the report was received and accepted.

Several bills for repairs and supplies were ordered to be paid.

The resignation of Miss Fannie A. Wilson, who has been a teacher in Washington School for 36 years, was read, but no action taken thereon, several of the trustees speaking in commendation of her services and expressing the wish that she would reconsider the matter.

Applications for the position of teacher were presented for Monroe Chichester, of Stafford county, and from Miss Ella Houpt, of Leesburg, and Miss Sara R. Morris, of Louisa. The superintendent also read a letter of commendation of Miss Morris.

On motion of Mr. Ramsay all the teachers were reelected at the present salaries and it was the understanding that should Miss Wilson not accept a reelection a special meeting would be held to fill the vacancy.

The janitors were all reelected.

The superintendent stated that the present method of conducting the examinations required an assistant and at his request an appropriation of $6 was made to pay the assistant employed by him at the recent examinations.

The clerk was directed to commence the issuing of permits to children to attend the schools on Monday, September 9; that the schools be reopened for study on the following Monday, September 16, and that the superintendent and clerk be directed to make suitable provisions for issuing the permits.

Mr. Thomson stated that one of the teachers had asked that her salary be increased $20 per month, but that he had informed her that it would be impossible to make any increases this year.

Mr. Stabler suggested that the rules governing the schools be revised and amended, especially those in reference to suspension of pupils. This led to a general debate in which it was stated that in some of the schools the teachers took no steps to prevent the disfiguring of the walls of the buildings, &c. Action on the suggestion was deferred.

Mr. Yates stated that the City Council did not appropriate a sufficient sum of money to keep the school buildings in proper repair and that a larger appropriation should be made. This led to debate in which several members took part but no action was taken.

The board then adjourned.

ASSAULTED AND ROBBED.

About 8:30 o'clock last night while Mr. J. A. Gilroy, West End, who was proceeding to this city in a buggy via the Mushpot road, and when near the railway culvert, about a mile northwest of this city, he heard a man a short distance ahead of him exclaim, "Help! They are robbing me." Mr. Gilroy hastened to the place and found that three negroes had held the man up, robbed and assaulted him. Mr. Gilroy upon alighting from his buggy struck at one of the negroes with the handle of his whip, but he missed his mark and the whip handle landed on the darkey's shoulder and broke. The man who had been robbed and assaulted fell in the meantime against the buggy and one of the darkeys attacked Mr. Gilroy. The negroes, however, soon left the scene and Mr. Gilroy placed the man the negroes had intercepted in the buggy and brought him to this city when the police were notified of the robbery. The victim of the negroes appeared to be an Italian, and did not give his name. He said the highwaymen secured $35, all the money he had.

MANDAMUS REFUSED.

Senator Lewis E. Machen yesterday afternoon applied to Judge Witt, of the Hustings Court of Richmond, for the proper papers to compel the publication of his constitutional amendments, but it is understood that Judge Witt declined to issue a mandamus in the face of the opinion of the attorney general that the failure to properly record the amendments made them unconstitutional. There are no other judges of courts in Richmond. It is said that Senator Machen will now apply to Judge Mullens, at Petersburg.

THE BARGE NORFOLK.

Nothing new has been heard of the barge Norfolk, which left here at 3 o'clock yesterday morning in tow of the tug Margaret. As stated yesterday, the cargo of ties on the barge had been attached and City Sergeant Cox had placed a colored man, named Joe Mitchell, in charge of the vessel, but he was driven off and the tow started for New York. It is reported that the tug and barge will put in at Norfolk where another barge will be taken in charge and then the tow will start for New York. Today a quantity of ties which had been received here assigned to Albert Preston, against whom the other attachment, had been levied, were also levied upon. One of the small debts for which a levy had been made has been paid and Sergeant Cox understands that some of the other bills will also be paid. He expects, however, to secure a warrant for the arrest of the captains of the tug and barge and have them brought back to this city for trial for having taken the barge away after an attachment had been levied upon her cargo.

Sergeant Cox this evening wired the chief of police at Norfolk to detain the masters of the tug and barge when they reached that port.

MEDICAL MEN MEET.

The Fairfax County Medical Society held its regular meeting at the Hotel Rammel yesterday. Papers were read by Drs. Vaughan and Wilkinson, of Washington, and Powell and Moore, of this city. The following officers were elected for the ensuing year: President, Dr. G. T. Vaughan, of Washington; first vice president, Dr. Llewellyn Powell, of Alexandria; second vice president, Dr. F. M. Brooks, of Fairfax; recording secretary, Dr. R. L. Wilkins, of Alexandria; corresponding secretary, Dr. G. B. Fadeley, of Falls Church; treasurer, E. L. Detwiler, of Herndon. The next meeting will be held at Vienna on the first Thursday in November.

FIGHT ON A TRAIN.

There was trouble on the train which left Washington for this city at 12:30 o'clock last night, during which a young man of this city was struck on the right eye by the conductor, the marks of which he will wear for several days. The trouble is said to have originated by the young man handing the conductor a ticket which was out of date or in some manner unacceptible. It is said that the conductor in going through the cars accepted the ticket, but later in looking over his collection discovered its nature. He returned the ticket and the passenger, it is alleged, paid his fare. Later trouble arose between the conductor and the young man with the result given above.

FAIRFAX COMMISSIONERS OF THE REVENUE.

Judge Louis C. Barley was here on Wednesday and appointed the Commissioners of the Revenue for this county. Capt. John N. Ballard was appointed for the "South Side." and Mr. Samuel W. Wrenn for the "North Side." These gentlemen have held their respective positions for many years by vote of the people, and it seems to have been the policy of Judge Barley to make no changes in existing conditions where such could be property avoided. The reappointment of these gentlemen is of course very gratifying to their many friends throughout the county.—[Herald.

DANGER SIGNAL.

Mr. George A. Nowland, of this city, has recently perfected a device to be used at grade crossings for the purpose of minimizing accidents to persons and teams compelled to cross the same. The contrivance consists of a box, which will be lighted at night, bearing the words, "Railroad crossing! Danger." Mr. Nowland has not as yet received a patent for the device, but he has submitted it to railway officials who have acknowledged its utility. It has also been submitted to the Interstate Commerce Commission.

ACCUSED DISMISSED.

George Carter and Charles Jackson, both colored, were arrested and taken before Justice J. E. Supplee, in the county, last night on the charge of selling liquor without license and operating a gambling table on the river shore a short distance north of Alexandria. Jackson was acquitted on both charges, and there was not sufficient evidence to hold Carter on the charge of operating a gambling place, but he was required to give bond in the sum of $200 to refrain from selling liquor for a year.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Michael Craig, an old pensioner, had been arrested charged with being drunk and disorderly. The complainant refused to appear against him, and the accused was dismissed.

A little girl named Mary Wilkins was charged with abusive language toward a woman. She was dismissed with an admonition.

A good game is promised all who attend. Ladies are cordially invited to attend.

AMUSING BLUNDERS.

Among Clyde Fitch's amusing collection of scrapbooks there is one devoted to typographical errors. The noted playwright showed this column to a reporter recently, and the young man copied some extracts from it.

One item concerned a dance. The word "bonnier" was misprinted, with this deplorable result:

"There were no bonier ladies present than the Mayor's own daughters, and this fact was further emphasized by the perfect fit of the shepherdess costumes they wore."

A country paper, after telling how a cow got in front of a train, said:

"As the safest course under the circumstances, the engineer put on full steam, dashed into the cow, and literally cut it into two calves."

A New York society editor, misprinting the word "chill," published this statement:

"Mrs. Astor was unavoidably absent from the reception, being kept at home by a bad child."

A political editorial which should have said, "The masses believed him," said instead: "Them asses believed him."

Supporting a candidate for the mayoralty, a country editor wrote:

"Mr. Smith is also renowned for his great veracity and enormous capacity for work, and you will always find him, even under adverse circumstances, full of good spirits."

This paragraph appeared in next day's paper:

"Mr. Smith is also renowned for his great voracity and enormous capacity for pork, and you will always find him, even under adverse circumstances, full of good spirit."

ROW IN A CHURCH.

At the Harrison Street (Petersburg) Baptist Church last night religious services were being held by the pastor, Rev. E. L. Tartt, for the first time since the injunction issued some time ago by Judge Mullen had been modified allowing him to conduct them. Some of the females of the congregation who have been siding with Tartt in the recent church troubles became converted and later a collection was taken. A dispute arose between the two factions in the church as to who should take charge of the money contributed, when suddenly there was a cry of fight. A police whistle call was sounded, and the police, who have expected trouble, rushed into the building and dispersed the congregation. In anticipation of the trouble, the fire department had stretched a line of hose along the street to throw water on the crowd.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

Rising from the Grave.

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at E. S. Leadbeater & Sons, druggists. Price only 05c.

SAW DROWNING IN A DREAM.

Thought a vision in a dream Emerson Siddard, a Pittsburg, Pa., river man, learned Wednesday night that his ten-year-old son, Emerson, had been drowned in the Monongahela river, and he located the body where he had seen it disappear in the dream. On Wednesday night the boy failed to come home, and, after a vain search, the family retired. The father says he saw the boy, in a dream, fall from a skiff into the water. Early yesterday morning he rowed out to the spot and with a grappling hook fished up the body. The boy was his sixth child to meet death suddenly within three years. A month ago a sister was scalded to death by falling into a tub of boiling water. Last night the boy's hat and an empty skiff were found floating down the river.

HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—SAM G. GWIN, Concord, Ga. For sale by Gibson & Timberman and W. F. Creighton & Co.
